## Summary

Computer Science Engineer and Data Analyst skilled in Python, SQL, Power BI, and Excel, with experience in data visualization, data cleaning, and software development. Passionate about transforming data into actionable insights and creating impactful solutions that drive data-driven decisions.

## Education

### SRM Institute of Science and Technology, Ramapuram

B.Tech in Computer Science and Engineering | CGPA: 8.51/10

### Sri Chaitanya Junior College, Visakhapatnam

12th (BIEAP) | Percentage: 87%

### Bhashyam High School, Visakhapatnam

10th (BSEAP) | Percentage: 93%

## Technical Skills

**Languages:** Python, Power BI, EDA, NumPy, Pandas, Matplotlib, SQL, HTML, CSS, JavaScript

**Tools & Frameworks:** Selenium

**Soft Skills:** Problem Solving, Communication, Team Collaboration, Adaptability

## Experience

### CodSoft – Python Programmer Intern

- Developed tools like a To-Do List and a Scientific Calculator using Python.
- Demonstrated quick learning, collaboration, and real-world Python application.

## Projects

### Online Voting System

*Python, Homomorphic Encryption, DBMS, HTML, CSS*

- Built a secure voting system using homomorphic encryption under Aditya Birla Group.
- GitHub Link

### IPL Data Analysis

*EDA, NumPy, Pandas, Matplotlib, Seaborn*

- EDA on IPL dataset to uncover insights related to team performance, player statistics, and match outcomes.
- Utilized Python libraries for data cleaning, visualization, and trend analysis.
- GitHub Link

### My Portfolio

*HTML, CSS, JavaScript*

- Created a portfolio website to showcase projects, skills, and achievements.
- GitHub Link

## Certifications

### ServiceNow Certification – Jun 2024

Completed a micro-certification in IT Service Management Tools.

### Selenium WebDriver with Python from Scratch + Frameworks – Jun 2025

Issued by Udemy (Instructor: Rahul Shetty).

### Introduction to Python Programming – Jun 2024

Issued by Great Learning. Verify Certificate
